

Telehealth IN THE WORLD OF Tailored Care Management

JULY 12, 2022

DESCRIPTION

This course will provide an overview of telehealth and virtual applications used in physical and mental health. Various tools will be discussed so that care managers will feel comfortable assisting members. Clinical considerations and addressing members' concerns will be reviewed. This program will also provide concrete tips on how to best use telehealth with members.

AUDIENCE

Behavioral health providers and administrators, NC licensed clinical mental health counselors, psychologists, social workers, substance use counselors, behavioral health nurses, AMH+/CMA staff, and other professionals interested in this subject.

OBJECTIVES

Upon completion, participants will be able to:

- Identify the three types of telehealth delivery systems
- Name three issues to consider when using telehealth
- Describe how telehealth can be used to close the gap on vaccines and immunizations

FACULTY

Robyn McArdle, DrPH, MS, PMP, has worked for the NC Office of Rural Health for three years. Prior to that, she worked in the private health sector as a Community Health Program Director and also as a paramedic in various EMS systems. Her passion for rural and low-income communities is what drives her desire to make large scale impacts across NC.
