### Coronal Polishing Clinical Participation Consent Form

#### Coronal Polishing for the Dental Assistant

#### MAHEC

I, \_\_\_\_\_, participant in the *Coronal Polishing for the Dental Assistant* program to be held on February 22, 2025, do hereby consent to participate in the clinical component of the class and agree to be a patient for the clinical student partner.

I understand that my teeth will be polished during the 4-hour clinical component.

I acknowledge, understand and accept the following (*please check or initial each item*):

- My teeth will be polished utilizing a fine grit polishing paste.
- Exposure to a polishing paste will remove very slight enamel during the coronal polish process, yet a fine grit polish paste will be used resulting in minimal removal of enamel layer.
- Alternative treatment includes using toothpaste during the coronal polish procedure instead of fine grit polishing paste.
- The polishing procedure will be supervised by a Clinical Instructor.
- I have completed a personal medical history and have no contraindications to participating in the Coronal Polish clinical component of the Coronal Polish Certification Program.
- I will contact Jay Pontious, DDS at [jay.pontious@mahec.net](mailto:jay.pontious@mahec.net) to address any concerns or questions regarding the coronal polish treatment I have received.

I hold MAHEC harmless for any injury or damage that may occur from the cited procedure/treatment received during the class/course.

---

### PARTICIPANT VERIFICATION FORM

(to be completed by dentist employer and dental assistant employee)

The North Carolina State Board of Dental Examiners /Rules Review Commission has recently ruled that coronal polishing is a legal function for a trained Dental Assistant II (DA II) **OR** a Dental Assistant I (DA I) provided that the supervising dentist is responsible for determining when a DA I in training can take a qualifying coronal polishing course and retains responsibility for ensuring that the DA I is directly controlled and supervised while performing the procedure.

***I, the supervising dentist, verify that my employee either:***

***Qualifies as a DA II\* (include dental assistant's proof of current BLS or CPR completion)***

\*To be classified as a Dental Assistant II, an assistant must meet one of the following criteria:

Successful completion of:

1. an ADA-accredited dental assisting program and current certification in CPR; **or**
2. one academic year or longer in an ADA-accredited dental hygiene program, and current certification in CPR; **or**

Successful completion of:

1. full-time employment and experience as a chair side assistant for two years (3,000 hours) of the preceding five, during which period the assistant may be trained in any dental delivery setting and allowed to perform the functions of a Dental Assistant II under the direct control and supervision of a licensed dentist;
2. a 3-hour course in sterilization and infection control;
3. a 3-hour course in dental office emergencies;
4. radiology training consistent with G.S 90-29(c)(12) bi-laws of the North Carolina State Board of Dental Examiners;  
**and**
5. current certification in CPR; **or**

Successful completion of the certification examination administered by the Dental Assisting National Board, and current certification in CPR

**--OR--**

***is a DA I in training whom I determine can take a coronal polishing course and for whom I retain responsibility to ensure that the DA I is directly controlled and supervised by me while performing the procedure. (Include dental assistant's proof of current BLS or CPR completion).***

### Certification of Dental Assisting Employment and Professional Liability Insurance Coverage

**Professional Liability Insurance:** Course participants will be both recipients and providers of direct treatment procedures in laboratory portions of the course. MAHEC requires that you maintain professional liability coverage that extends to the training situation, outside of your dentist/employer's office, and under the supervision of a MAHEC instructor. You may have your own professional liability insurance or you may be covered under a blanket policy provided by your dentist/employer. If you are covered under another policy, verify with the insurance company that coverage extends to the training situation. Some companies will write an endorsement to provide training coverage; other policies automatically provide coverage. Ask the insurance company to provide you with a Certificate of Insurance naming you as the insured or as an insured employee in your dentist/employer's office with coverage for training outside of the office. You can check with other insurance companies, such as HPSO [www.hpsoc.com](http://www.hpsoc.com) or others, to see if individual dental assistant policies will cover continuing education. Any change in insurance status must be reported immediately to MAHEC.

*I understand that I must maintain dental assisting professional liability insurance coverage or I must be covered under a blanket professional liability insurance policy provided by my dentist/employer. I certify that I am covered for training purposes under the dental assisting professional liability coverage as indicated below. I understand that this form or a copy of my current American Dental Assistants Association full membership card must be provided to MAHEC prior to attending the Coronal Polishing course.*

Name of Registered Participant \_\_\_\_\_

Name of Insured/Policy Holder \_\_\_\_\_

Professional Liability Carrier Policy Number \_\_\_\_\_

Period of Coverage: From/To \_\_\_\_\_

Print Full Name of Dental Assistant \_\_\_\_\_

Dental Assistant Signature/Date \_\_\_\_\_

#### Dentist/Employer Certification

*I certify that the above-named Dental Assistant is currently employed in my institution/dental practice and is covered for training situations outside my office under the professional liability insurance policy listed above.*

Printed Name of Dentist/Employer \_\_\_\_\_

Dentist/Employer Signature/Date \_\_\_\_\_

Complete & return this certification form to MAHEC **prior to attending** the *Coronal Polishing for the Dental Assistant* course.
