

Point-of-Care Ultrasound (POCUS)

JOIN US NOVEMBER 1-2, 2024

LIMITED SPACE AVAILABLE!

Location	MAHEC Education Building 121 Hendersonville Road Asheville, NC 28803
Day 1	Friday, November 1, 2024
Registration	4:30–5:00 pm (<i>dinner provided</i>)
Program	5:00–9:00 pm
Day 2	Saturday, November 2, 2024
Registration	6:30–7:00 am (<i>breakfast provided</i>)
Program	7:00 am–5:00 pm (<i>lunch provided</i>)

DESCRIPTION

This robust 1.5-day course incorporates live models, simulations, didactic lectures, and is ideal for general internists, family practice physicians, emergency physicians, residents, fellows, and advanced practice providers.

Attendees will participate in hands-on sessions and lectures that will cover the basics in several areas of medical ultrasound with clinical applications in inpatient, outpatient, and emergency settings. These skills will form the foundation for basic assessment with point-of-care ultrasound as well as procedural methods such as FAST, RUSH, Cardiovascular, Obstetric, MSK, DVT and Renal.

Please note: This course is not a certificate course. It is an opportunity to learn and practice point-of-care ultrasound. Certification and privileges are determined by your local regulatory bodies and credentialing systems.

[REGISTER ONLINE](#)

AUDIENCE

Our target audience includes general internists, hospitalists, pulmonary critical care physicians, emergency physicians, family medicine residents, medical students, fellows, advanced practice providers, and emergency personnel.

OBJECTIVES

Upon completion, participants will be able to:

- Review the fundamental principles and image formats used in sonography
- Identify normal and abnormal sonoanatomy of the kidneys
- Identify at least three office-based clinical applications of ultrasound
- Demonstrate the necessary scanning skills required to maximize diagnostic capabilities
- Learn how to enhance adequate ultrasound images for focused examinations
- Through clinical case review, learn to diagnose conditions commonly identified at the bedside using point-of-care ultrasound
- Discuss basic principles of point-of-care ultrasound machine operation and scanning
- Discuss advanced point-of-care ultrasound applications, including lung and pleural ultrasound, vascular access, procedural guidance, focused abdominal and pelvic ultrasound, deep venous thrombosis valuation, cardiac echocardiography, and musculoskeletal/soft tissue applications

REGISTRATION POLICIES

Early registration deadline: October 16, 2024

Program fees include administrative costs, educational materials, and meals. If your registration is received after the early registration deadline listed above, the total will be the registration fee + \$50.00.

MAHEC has a pay-up-front policy for all CE programs. The only exceptions will be for pre-approved programs where an individual payment plan is appropriate. Registrations that are received without accompanying payment will not be processed and participants who have not paid the course fee will not be admitted into the program.

Unless otherwise noted in course materials, the following cancellation policy applies to all programs:

- Cancellations must be in writing (via fax, email, or mail)
- Cancellations received more than 2 weeks prior to the event will receive 100% refund
- Cancellations received between two weeks and two full business days prior to the first day of the event are refunded at 70% of the registration fee subject to a minimum \$25 cancellation fee
- No refunds or credits will be given for cancellations received less than two full business days prior to the event
- No vouchers will be issued in lieu of a refund
- Transfers/substitute(s) are welcome (please notify us in advance of the program)

MAHEC assumes permission to use audio, video, and still images from this program for promotional and educational purposes. Please speak with a staff member if you have any concerns.
