Check-in 7:30 am–7:45 am (*breakfast provided*)

Program 7:45 am–6:00 pm (*lunch provided*)

Option 2 Thursday, August 15, 2024

Check-in 7:30 am–7:45 am (*breakfast provided*)

Program 7:45 am–6:00 pm (*lunch provided*)

BLENDING LEARNING FORMAT

The ATCN® Blended Learning Student Course is an alternative option to the traditional two-day ATCN® Student Course.

Students choosing to take the blended learning option will be required to complete the full complement of online MyATLS learning modules. An access link for the learning modules will be provided via email once registration has been received.

After successful completion of the MyATLS modules, students must then complete the ATCN® skills stations, skills test, and written examination in a classroom setting. The classroom portion of the course will be completed in one day.

The ATCN® Blended Learning Student Course has been approved for **19.0** continuing education hours.

JOINTLY PROVIDED BY

MAHEC
PART OF NC AHEC

COURSE DESCRIPTION

Injured patients present a wide range of complex problems. Advanced Trauma Care for Nurses (ATCN®) is an advanced course designed for the registered nurse interested in increasing their knowledge in the management of multiple trauma patients. ATCN® was developed to teach established standards of care and practical, life-saving skills. This advanced trauma course is designed for nurses working in emergency departments, ICUs, medical-surgical floors, or operating rooms who wish to increase their knowledge and practical skills in managing multiple trauma patients. The ATCN® program has been operational for over 15 years and has an excellent record of offering a superb trauma educational program, and maintaining a positive collaboration with the ACS Committee on Trauma State Chapters.

ATCN® skill stations include:

- Initial Assessment and Management
- Airway and Ventilatory Management
- Pediatric Trauma
- Hemorrhagic Shock
- Musculoskeletal and Spinal Trauma
- Head Trauma

The skill stations are based on an interactive “hands-on: scenario-based approach” to adult education. The practical testing stations allow the ATCN® students to demonstrate the application of ATCN® information on a moulaged patient.

Participants will receive an ATCN® manual.

There are no prerequisites for the full certification course. However, your certification must be current for the renewal course.

This course is designed for nurses. Lectures, practical skills stations, and testing are provided by ATCN® faculty.

CREDITS

The Society of Trauma Nurses is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. The ATCN® Blended Learning Student Course has been awarded **19.0** total contact hours. Partial credits are not available.

COURSE MANUAL

All participants are expected to bring with them an ATCN® 10th Edition Student Course Manual. Registration fees include the manual and shipping.

Every effort will be made to deliver these materials prior to the course. If your registration is received within two weeks of the course date, the manual will be given to you the day of the course.

Your shipping address will be the address entered on the last page of this brochure or during online checkout. Please update if necessary. **No PO Boxes.**

AUDIENCE

Experienced Nurses practicing in the following areas: pre-hospital and aeromedical, emergency departments, surgical intensive care units, and operating rooms.

OBJECTIVES

Upon completion, participants will be able to:

- Assess the patient's condition rapidly and accurately
- Perform a primary assessment and resuscitation with decision to transfer on a priority basis
- Discuss indications for and treatment goals with nursing responsibilities for various adjuncts, management techniques of hemorrhagic shock, head trauma, spine and extremity trauma, and special management considerations for pediatric trauma
- Perform a comprehensive secondary assessment
