

NORTH CAROLINA MEDICATION-ASSISTED TREATMENT TRAINING PROJECT

IMPACT REPORT through AUGUST 2019

Grant period: November 2018 - October 2019

OUR AIM

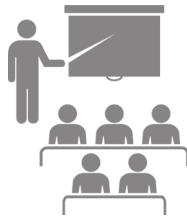

Increase the number of healthcare providers across the state who are trained in medication-assisted treatment (MAT)

OUR METHODS

Train faculty, medical residents, physician assistants, nurse practitioners, students, and staff

Four courses are offered:

- MAT Waiver
- MAT 101
- Recovery Within Reach: Treating Substance Use Disorders/ Addiction as a Chronic Illness
A how-to training on providing opioid use disorder treatment through an integrated care team approach
- Train-the-Trainer event to incorporate MAT into curricula

Evidence-based technical assistance is provided:

- Shadowing at MAHEC Family Health Center
- Coaching with MAHEC's integrated multidisciplinary team
- MAT Policies, Procedures & Resources Toolkit
- UNC Project ECHO® for MAT (A UNC and MAHEC collaboration)

ECHO is led by an expert team that uses multi-point videoconferencing to conduct virtual learning sessions comprised of a short didactic followed by case presentations provided by participants.

OUR ACHIEVEMENTS TO DATE

The Project is training providers in:

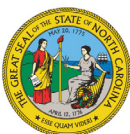

- 29 residencies — Family Medicine
Internal Medicine
Emergency Medicine
Obstetrics & Gynecology
Psychiatry
Pediatrics
Urology
- and these specialties — Palliative Care
Sports Medicine
Infectious Disease
Preventive Medicine
Hospital Medicine
Pharmacy
Dermatology

OUR REACH ACROSS THE STATE

Residency Training Program Participant Distribution

OUR REACH ACROSS RESIDENCIES & PROFESSIONAL PROGRAMS IN NC

Our reach went beyond goal because of *momentum*.

Our Original Goal:

Reach 10 of the 17
residency programs in one specialty:
Family Medicine

We reached **14**
in Family Medicine

and went beyond

To date we've reached
a total of 29 of the 61 residency programs
in these 7 medical specialties

Family Medicine 14 of the 17
Internal Medicine 2 of the 12
Ob/Gyn 3 of the 9
Psychiatry 4 of the 7
Emergency Medicine 3 of the 7
Pediatrics 2 of the 5
Urology 1 of the 4

and we've reached
a total of 8 of the 20
advanced practice provider programs

Physician Assistant 7 of the 11
Nurse Practitioner 1 of the 9

Original Goal: 10 of the 17 residency programs in 1 medical specialty

Achievement to Date: 29 of the 61 residency programs in 7 medical specialties [+8 of the 20 APP programs] *and counting!*
